Subject:

Clarification and corrections related to Time Controls

Overview:

Effective immediately, the following rule clarification and corrections go into effect:

1. Delete Article 7.5.B.6 and add the following as Article 7.5.C.6:
  6. At a MTC In, competitors may check in and request that their time be recorded as the current minute or a minute in the future. They may not request a minute which has passed. Any difference between the requested check-in time and the target check-in time will be penalized as per Article 8.

Rationale: Previously, the Article was worded in a manner that disallowed any penalty related to MTC In check-in time. This change corrects that. Also, the Article was moved to a more appropriate section.

2. Correct the following Article references:
  - In Article 7.5.B.4, replace the Article 7.4.B.6 reference with the new Article 7.5.C.6 above.
  - In Article 7.5.C.3, replace the Article 7.4.A reference with Article 7.5.A and the Article 7.4.B reference with Article 7.5.B.
  - In Article 7.5.D.1, replace the Article 7.4.A reference with Article 7.5.A and the Article 7.4.B reference with Article 7.5.B.

Rationale: An additional section was added to Article 7. This resulted in a number of Article number changes as well as references to those Articles. A small number of these Article references were not corrected when this was done. This change corrects those references.
